

Sunday- 17 February, 2019

Session 1: Gas/Baryons in Galaxies & Beyond

Time	Speaker	Title
09:00 - 09:50	Edvige Corbelli	Gas in and around Local Group Spirals and the dynamical evolution of the Local Group.
09:50 - 10:40	Johan Knapen	Ultra-deep imaging of galaxy outskirts
10:40 - 11:10	Break 	
11:10 - 12:00	Benoit Epinat	Impact of environment at intermediate redshift: first results of the MAGIC project
12:00 - 12:50	Paller Moller	Galaxy scaling relations and their redshift evolution; DLA gas studied in both absorption and emission
12:50 - 14:30	Lunch 	
14:30 - 15:10	Habib Khosroshahi	Baryons in Galaxy Groups
15:10 - 15:50	Hadi Rahmani	Flows of baryon in the CGM
15:50 - 16:30	contributed talk	
16:30 - 17:00	Break 	
17:00 - 17:40	contributed talk	
17:40 - 17:20	contributed talk	
17:20 - 18:00	contributed talk	
18:00 - 18:30	Discussion	

Monday - 18 February, 2019

Session 2: Star Formation, AGN, and Feedback

Time	Speaker	Title
09:00 - 09:50	Jonathan Braine	Gas & Star Formation Laws in Galaxies
09:50 - 10:40	Isabella Prandoni	The promise of next-generation radio-continuum surveys - revealing the physics and evolution of galaxies and AGN in the SKA era
10:40 - 11:00	Break 	
11:00 - 11:40	Fatemeh Tabatabaei	Quantifying The Star Formation Rate & Feedback in Galaxies
12:00 - 12:50	contributed talk	
12:50 - 14:30	Lunch 	
14:30 - 15:10	contributed talk	
15:10 - 15:30	contributed talk	
15:30 - 15:50	contributed talk	
15:50 - 16:20	Break 	
16:20 - 16:35	contributed talk	
16:35 - 16:50	contributed talk	
16:50 - 17:05	contributed talk	
17:05 - 18:00	Discussion	

Tuesday 19 February, 2019

Session 3: Galaxy Kinematics & Dynamics

Time	Speaker	Title
09:00 - 09:40	Jesus Falcon Barroso	Linking Dynamics & Stellar Populations with 3D Spectra
09:40 - 10:20	Thierry Contini	Kinematics of high-redshift galaxies
10:20 - 10:50	Break 	

Session 4: Big Data in Astronomy

Time	Speaker	Title
10:50 - 11:30	Johan Knapen 2	Changing the way we do science: Big Data in astronomy
11:30 - 12:10	Sadegh Movahed	Application of Machine Learning in Cosmology and Astrophysics
12:10 - 14:00	Lunch 	
Excursion 	National Museum	
	Golestan Palace	
	Jewelry Museum	
	Dinner
